

Seventh Grade Supplies 2025-2026 School Year

Hi, we are aware of the costs of many school supplies. We do not intend to have you buy supplies that are not used and/or used in a "center" where everyone uses them. Your student will need the * school supplies multiple times throughout a day and throughout the year.

Therefore, it is helpful if you check-in and we encourage them to communicate when they have used all their supplies and need to be restocked.

We also witness students throw pencils down, break them, leave them and they expect a pencil to be provided. These are on the supply list. Each teacher starts the year with 144+ pencils and we have given out all those pencils by Christmas time because of the lack of responsibility with the pencil by the students.

The only supplies we use as a whole class are tissues, paper towels (their spills) and Clorox Wipes. Thank you in advance for providing. The Seventh Grade Team

If you have any questions about the list below please email mindy.whisman@madisonmohawks.org.
